To: Prosecutor Dr. Sebastián Basso

Dear Dr. Basso,

I have the honor to write to you to express my deepest gratitude for the news currently in the public domain regarding your proposal for the arrest and trial *in absentia* of 11 individuals indicted for the crime against humanity that constituted the AMIA bombing.

It is in view of the International Warrant for the Arrest and Indictment of Leader Ali Hosseini Khamenei as the author of the Bombing and Crime Against Humanity committed on July 18, 1994, which killed 85 people and injured another 151, as well as the trial *in absentia* of 10 accused individuals - all of them fugitive and placed in Interpol's Red Notice list, that the Foundation I preside to contribute to and protect the Jewish Community celebrates your decision as Prosecutor as "a firm step towards truth based on the new law passed by the Argentine Congress." The Reitich Foundation, its steering board and its entire community celebrate the legal action undertaken by you, which will facilitate the prosecution of the material and intellectual authors of the attack by issuing an unprecedented warrant for the arrest and indictment of Ali Khamenei, the Supreme Leader of the illegitimate theocratic regime currently in power in Iran, Ali Khamenei, "in a clear demonstration of true, pressure-free justice and extraordinary bravery."

This measure by the Argentine justice will allow Humanity to pursue the investigation of the terrorist attack perpetrated for racial or religious hate on July 18, 1994 against the Argentine Israelite Mutual Association (AMIA) and the Delegation of Argentine Jewish Associations (DAIA), which caused 85 fatalities as well as minor, serious and extreme injuries to at least 151 victims and extensive material damage.

The accusation of the Public Prosecutor's Office for the AMIA bombing emphatically asserts that the attack was carried out by the Lebanese terrorist organization Hezbollah, and masterminded and financed by the government of Iran, from its highest authority, the Supreme Leader of the Persian theocratic dictatorship since 1989: Ali Hosseini Khamenei, born July 17, 1938 in Mashhad, son of Sayyid Jawad Hussaini and Mirdamani, and by officers of the Iranian government and its diplomatic representation in Argentina. As we pursue *one pain less and one freedom more*, because the pains that we have are the freedoms and truths we still lack, the Reitich Foundation, in honor of the Jewish people and world fraternity that embraces the values of life, celebrates the road to justice, truth and security that we must travel with our heads high in dignity.

Kadima Prosecutor Sebastián
